History/ Government	Modern	Contemporary+ Civics	Ancient	Modern/US	Contemporary/ Government	
Literature	Modern	Contemporary	Ancient	Modern/US	Contemporary/ Great Books	
Mathematics	Pre-Algebra	Algebra I	Geometry	Algebra II	Pre-Calculus	Calculus
Science	Earth Science	Physical Science	Biology	Chemistry	Anatomy and Physiology	Physics
Foreign Language	Latin 1	Latin II	Latin III	Latin III	Latin IV/V (optional)	Latin IV/V (optional)
Composition and Logic	Classical Composition 7 Logic I	Classical Composition 8 Logic II	Classical Composition I	Classical Composition II	Rhetoric I (Junior Thesis)	Rhetoric II (Senior Thesis)
Formation Courses	Art and Music				Leadership and Directorium	Leadership and Economics
Physical Education	Physical Education		Arethlos: Ballroom Dancing and Common Arts			

SUBJECT INFORMATION

Honors & Advanced-Level Courses: All courses at AFA are taught by default at an Honors level. Honors level courses are academically rigorous and reflect our commitment to providing an excellent and challenging education. Many high school courses are offered at an Advanced level for students who desire to challenge themselves to the maximum possible degree. These courses move at a faster pace, require more reading and writing, and require students to direct their own learning to a greater extent. To reflect this, Advanced courses are calculated with a 0.5 boost to their base GPA value. We offer Advanced courses in 9th-12th History and Literature, and AP Calculus. Although we do not offer AP courses in Literature, our students are often well-equipped to take the AP Language and Composition exam in 11th grade and the AP Literature and Composition exam in the 12th grade.

History & Literature: 9th and 10th grade students combine in their study of Literature and History based on academic level (Honors or Advanced) rather than grade. 11th and 12th grade students do the same.

Mathematics: Students take Mathematics courses based on their grade level. We do not permit students to take courses outside of their grade level. This enables us to maximize our staff and build clean, consistent schedules for our students.

Science: Students begin taking lab sciences in 8th grade with Physical Science before progressing through Biology, Chemistry, Anatomy and Physiology, and Physics.

Latin: Students begin Latin I for HS credit in 7th grade. High school students transferring into AFA may take Latin I if entering in 9th or 10th grade. Three years of high school credit in a foreign language are required for graduation from AFA. Juniors who transfer into AFA may take outside credit to complete a third year of a non-Latin foreign language if necessary.

UPPER CAMPUS LITERATURE BOOKS
