

One Body Campaign

2016-17 ONE BODY CAMPAIGN GOAL: \$200,000

One Body Campaign – Essential to a Thriving Ad Fontes

One Body is our annual campaign to provide financial support above tuition. The goals of One Body are to strengthen our financial foundation, support families needing tuition assistance, and prepare AFA for finding and developing a permanent campus location. As an independent private school receiving no government or church denominational funding, One Body is essential to building a thriving Ad Fontes. We invite you to invest in Ad Fontes through One Body!

Ad Fontes Academy Vision – *Inspired Learning*

Ad Fontes Academy enters our 21st school year with a passionate commitment to raise up a generation of thoughtful Christian leaders. We believe a true education begins with knowing God and is formed through studying the Scriptures and His creation. An Ad Fontes education shapes the whole student, heart, mind, and soul, through:

- **Engaging Intellect:** AFA students are given the foundational skills in language, math, logic, and writing to become independent learners through interactive classrooms that foster curiosity, capability, and creativity.
- **Emboldening Faith:** We teach and encourage our students to have a deeply rooted, joyful walk with Christ that touches every subject and every aspect of their lives.
- **Embracing Purpose:** AFA students are well equipped for college, yet are given a larger vision beyond just a good college and job. We shape servant leaders who have passionate convictions and seek to live purposeful lives of both excellence and humility.

One Body Story – Jonathan and Jennifer Elkhouri

Ad Fontes, to us as a family, is much more than just a school where we send our kids (Jonah, 4th; Abigayle, 2nd; Ellie, Jr. K). For our family, it's a branch of the Body of Christ where our biblical worldview is supported and where the deepening of our children's faith happens alongside our home and church. For seven hours a day, five days a week, our children are in the care of and led by staff and teachers who love God dearly and who ensure our children are striving for excellence in all they do, from creating beautiful handwriting to confident presentations to mastery in math, history and science. Ad Fontes is also a ministry to which we give. Ad Fontes is equipping disciples of God's Kingdom, not just for "our" children, but the children who will come after ours. It gives us great joy to support other children to attend this amazing school who otherwise might not be able. What better mission to support than this local and amazing place doing such beautiful work for our amazing God!

Making Excellent Christian Education Accessible

As our society moves away from a Christian moral compass, the Church is particularly compelled to invest in academically excellent, Christ-centered schools as an accessible option for Christian families. Every K-12th grade student will spend nearly 20,000 hours in school-related activities, so their school community is essential in shaping what they value, and how they think and live. Strong Christian private schools should be a viable option for all Christian families, no matter their financial situation.

One Body Fund - Many Ways to Invest

You can support Ad Fontes' ministry as an individual, business, or through your church's local missions fund. Please contact Dean Luckenbaugh at dluckenbaugh@adfontes.com or 571.271.5660 with ideas or questions.

Individual Gift: We thank you for your prayerful consideration of an investment in the vital community ministry of Ad Fontes Academy through a one-time or monthly contribution.

Business: Through our Partners Program, we actively invite businesses to support Ad Fontes.

Church: We encourage churches to consider making local Christian education a consistent component of their local missions budget, providing their congregation and the community with excellent and accessible Christian school options.

Thank you for prayers and support of Christ-centered education and Ad Fontes Academy!

One Body Campaign
